

CTS Originals offers Syncrometer™ testing of used detox foot pads. The test results will show whether or not used foot pads contained any of the following 15 potentially harmful substances:

- Benzene
- Isopropyl alcohol
- Methyl alcohol
- Aluminum
- Cadmium
- Copper
- Lead
- Mercury
- Nickel
- Thallium
- Thulium
- Arsenic
- Asbestos
- Azo Dyes
- PCBs

How To Have Used Pads Tested

- Place used pad flat in a clean, clear zip lock bag. Please do not fold the used pads.
- Send check or money order for \$20.00 and the pad in an envelope to:

CTS Originals
 PO BOX 64
 Lemon Grove, CA 91946

- Test results will be returned within two weeks of receipt of the pad.
- Note: Results will be reported as positive or negative only.
